

L'INGEGNERE

IGT ROSSO DI TOSCANA

Tasting notes

Ingegnere IGT was born as an homage from the current producers to their parents. Deep ruby red with slightly orange shades and deep aromas and refined velvety structure, the long fruity finish makes this sumptuous red wine a real pleasure to drink.

Vinification and aging

Traditional, in steel vats at a controlled temperature (28°C), with daily pump over to extract the best parts of the grape. 24 months of ageing in tonneaux precede the bottling of about 1.000 bottles per year.

Grape variety

80% Sangiovese 20% Merlot.

Vine

Bilateral cordon

Appellation

IGT Rosso di Toscana

Production area

Radda in Chianti
